⁽a) Average shares outstanding for the period were used to calculate net investment income per share.

⁽b) Redemption fees were less than \$0.005 per share.

⁽c) Total return excludes redemption fees.

⁽d) Portfolio turnover rate includes applicable corporate action activity and securities trading as a result of investor subscription and redemption activity.

⁽e) The portfolio turnover rate increased during the year in connection with increased investor activity in the Fund.

Advisers Investment Trust (the "Trust") is a Delaware statutory trust operating under a Fifth Amended and Restated Agreement and Declaration of Trust (the "Trust Agreement") dated March 9, 2023. The Trust was formerly an Ohio business trust, which commenced operations on December 20, 2011. On March 31, 2017, the Trust was converted to a Delaware statutory trust. As an open-end registered investment company, as defined in Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2013-08, the Trust follows accounting and reporting guidance under FASB Accounting Standards Codification ("ASC") Topic 946, "Financial Services-Investment Companies". The Trust Agreement permits the Board of Trustees (the "Trustees" or "Board") to authorize and issue an unlimited number of shares of beneficial interest, at no par value, in separate series of the Trust. The Independent Franchise Partners US Equity Fund (the "IFP US Equity Fund" or the "Fund") is a series of the Trust which is registered under the Investment Company Act of 1940, as amended (the "1940 Act"). These financial statements and notes only relate to the Fund.

The Fund is a non-diversified fund, meaning it may invest in a smaller number of companies than a diversified fund, and seeks to achieve an attractive long-term rate of return.

Under the Trust's organizational documents, its officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Trust and Fund. In addition, in the normal course of business, the Trust enters into contracts with its vendors and others that provide for general indemnifications. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund.

A. Significant accounting policies are as follows:

INVESTMENT VALUATION

Investments are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuation techniques employed by the Fund, as described below, maximize the use of observable inputs and minimize the use of unobservable inputs in determining fair value. These inputs are summarized in the following three broad levels:

Level 1 —quoted prices in active markets for identical assets

Level 2 — other significant observable inputs (including quoted prices of similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 — significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For example, certain short-term debt securities may be valued using amortized cost. Generally, amortized cost approximates the current value of a security, but since this valuation is not obtained from a quoted price in an active market, such securities would be reflected as Level 2 in the fair value hierarchy.

Security prices are generally provided by an approved independent third party pricing service as of the close of the New York Stock Exchange, normally at 4:00 p.m. Eastern Time, each business day on which the share price of the Fund is calculated. Equity securities listed or traded on a primary exchange are valued at the closing price, if available, or the last sales price on the primary exchange. If no sale occurred on the valuation date, the securities will be valued at the latest quotations as of the close of the primary exchange. Investments in other open-end registered investment companies are valued at their respective net asset value as reported by such companies. In these types of situations, valuations are typically categorized as Level 1 in the fair value hierarchy.

Debt and other fixed income securities, if any, are generally valued at an evaluated price provided by an approved independent pricing source. To value debt securities, pricing services may use various pricing techniques, which take into account appropriate factors such as market activity, yield, quality, coupon rate, maturity, type of issue, trading characteristics, call features, credit ratings and other data, as well as broker quotes. Short-term debt securities of sufficient credit quality that mature within sixty days may be valued at amortized cost, which approximates fair value. In each of these situations, valuations are typically categorized as Level 2 in the fair value hierarchy.

The Trustees have designated Independent Franchise Partners, LLP, as investment adviser to the Fund, as the Fund's Valuation Designee with responsibility for establishing fair value when the price of a security is not readily available or deemed unreliable (e.g., an approved pricing service does not provide a price, a furnished price is in error, certain stale prices, or an event occurs that materially affects the furnished price) according to policies approved by the Board. In addition, fair value pricing may be used if events materially affecting the value of foreign securities occur between the time when the exchange on which they are traded closes and the time when the Fund's net asset value is calculated. The Fund identifies possible fluctuations in international securities by monitoring the increase or decrease in the value of a designated benchmark index. In the event of an increase or decrease greater than predetermined levels, the Fund may use a systematic valuation model provided by an approved independent third party pricing service to fair value its international equity securities.

In the fair value situations noted above, while the Trust's valuation policy is intended to result in a calculation of the Fund's net asset value that fairly reflects security values as of the time of pricing, the Trust cannot ensure that fair values determined pursuant to these guidelines would accurately reflect the price that the Fund could obtain for a security if it were to dispose of that security as of the time of pricing (for instance, in a forced or distressed sale). The prices used by the Fund may differ from the value that would be realized if the securities were sold, and these differences could be material to the financial statements. Depending on the source and relative significance of the valuation inputs in these instances, the instruments may be classified as Level 2 or Level 3 in the fair value hierarchy.

The following is a summary of the valuation inputs used as of September 30, 2025 in valuing the Fund's investments based upon the three fair value levels defined above:

Fund	Level 1 - Quoted Prices	Level 2 - ther Significant oservable Inputs	Uno	Level 3 - Significant Observable Inputs	Total
Independent Franchise Partners US Equity Fund					
Common Stocks ⁽¹⁾	\$ 1,631,314,325	\$ _	\$	_	\$ 1,631,314,325
Total Investments	\$ 1,631,314,325	\$ _	\$	_	\$ 1,631,314,325

⁽¹⁾ See investment industries in the Schedule of Investments.

As of September 30, 2025, there were no Level 3 securities held by the Fund. There were no transfers to or from Level 3 during the year ended September 30, 2025.

CURRENCY TRANSACTIONS

The functional and reporting currency for the Fund is the U.S. dollar. The Fund may engage in spot currency transactions for the purpose of foreign security settlement and operational processes. Changes in foreign currency exchange rates will affect the value of the Fund's securities and the price of the Fund's shares. Generally, when the value of the U.S. dollar rises in value relative to a foreign currency, an investment in that country loses value because that currency is worth fewer U.S. dollars. Devaluation of a currency by a country's government or banking authority also may have a significant impact on the value of any investments denominated in that currency. Currency markets generally are not as regulated as securities markets.

The market values of foreign securities, currency holdings and other assets and liabilities are translated into U.S. dollars based on the current exchange rates each business day. Purchases and sales of securities and income and expense items denominated in foreign currencies are translated into U.S. dollars at the exchange rate in effect on the transaction date. The Fund does not separately report the effects of changes in foreign exchange rates from changes in market prices on securities held. Such changes are included in Net realized and unrealized gains (losses) from investment activities on the Statement of Operations.

INVESTMENT TRANSACTIONS AND INCOME

Investment transactions are accounted for no later than one business day after trade date. At financial reporting period ends, investments are reported as of the trade date. The Fund determines the gain or loss realized from investment transactions by using an identified cost basis method. Dividend income is recognized on the ex-dividend date. Dividends from foreign securities are recorded on the ex-dividend date, or as soon as the information is available, and reflect applicable foreign withholdings taxes and any related reclaim amounts.

EXPENSE ALLOCATIONS

Expenses directly attributable to a fund in the Trust are charged to that fund, while expenses that are attributable to more than one fund in the Trust are allocated among the applicable funds on a pro-rata basis to each adviser's series of funds based on relative net assets or another reasonable basis.

DIVIDENDS AND DISTRIBUTIONS

The Fund intends to distribute substantially all of its net investment income as dividends to shareholders on an annual basis. The Fund intends to distribute its net realized long-term capital gains and its net realized short-term capital gains at least once a year.

Distributions from net investment income and from net realized capital gain are determined in accordance with federal income tax regulations, which may differ from accounting principles generally accepted in the United States of America ("GAAP"). These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature (e.g., treatment of certain dividend distributions, gains/losses, return of capital, redemption in-kind, etc.), such amounts are reclassified within the composition of net assets based on their federal tax-basis treatment; temporary differences do not require reclassification. Distributions to shareholders that exceed net investment income and net realized capital gains for tax purposes are reported as return of capital.

REDEMPTION FEES

The Fund will charge a redemption fee of up to 0.25% of the total redemption amount if you sell your shares, regardless of the length of time you have held your shares and subject to certain exceptions and limitations described in the prospectus. The redemption fee is paid directly to the Fund and is intended to encourage long-term investment in the Fund, to facilitate portfolio management and to avoid (or compensate the Fund for the impact of) transaction and other Fund expenses incurred as a result of shareholder redemptions. Redemption fees charged for the years ended September 30, 2025 and September 30, 2024 were \$727,726 and \$359,247, respectively, and are reflected within the value of shares redeemed on the Statements of Changes in Net Assets.

FEDERAL INCOME TAX INFORMATION

No provision is made for Federal income taxes as the Fund intends to qualify each year as a "regulated investment company" under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), and distribute substantially all of its net investment income and net realized capital gain in accordance with the Code.

As of September 30, 2025, the Fund did not have material uncertain tax positions that would require financial statement recognition or disclosure based on an evaluation of all open tax years for all major tax jurisdictions. The Fund's Federal tax returns for the tax years ended September 30, 2022, 2023, 2024 and 2025 remain subject to examination by the Internal Revenue Service. Interest or penalties incurred, if any, on future unknown, uncertain tax positions taken by the Fund will be recorded as interest expense on the Statement of Operations.

Management is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next 12 months.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

OPERATING SEGMENTS

In this reporting period, the Fund adopted FASB ASU 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures. Adoption of the new standard impacted financial statement disclosures only and did not affect the Fund's financial position or the results of its operations. An operating segment is defined in Topic 280 as a component of a public entity that engages in business activities from which it may recognize revenues and incur expenses, has operating results that are regularly reviewed by the public entity's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance, and has discrete financial information available. Management of the Fund's adviser acts as the Fund's CODM. The Fund represents a single operating segment, as the CODM monitors the operating results of the Fund as a whole, and the Fund's long-term strategic asset allocation is pre-determined in accordance with the terms of its prospectus based on a defined investment strategy which is executed by the Fund's portfolio managers. The financial information in the form of the Fund's portfolio composition, total returns, expense ratios and changes in net assets (i.e., changes in net assets resulting from operations, subscriptions and redemptions) are used by the CODM to assess the segment's performance versus the Fund's comparative benchmarks and to make resource allocation decisions for the Fund's single segment, and is consistent with the financial information presented within the Fund's financial statements. Segment assets are reflected on the accompanying Statement of Assets & Liabilities as "total assets", and significant segment expenses are listed on the accompanying Statement of Operations.

NEW ISSUED ACCOUNTING STANDARDS NOT YET ADOPTED

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740) – Improvements to Income Taxes Disclosures, which enhances the transparency of related income tax disclosures. The ASU requires public entities, on an annual basis, to provide disclosure of specific categories in a rate reconciliation, as well as disclosure of income taxes paid disaggregated by jurisdiction. The amendments under this ASU are required to be applied prospectively and are effective for fiscal years beginning after December 15, 2024. Management is currently evaluating this ASU for future adoption but doesn't expect the adoption, once required, will have a material impact on the Fund's financial statements and disclosures.

B. Fees and Transactions with Affiliates and Other Parties

The Trust, on behalf of the Fund, has entered into an Investment Advisory Agreement (the "Agreement") with Independent Franchise Partners, LLP (the "Adviser") to provide investment management services to the Fund. Total fees incurred pursuant to the Agreement are reflected as "Investment advisory" fees on the Statement of Operations. Under the terms of the agreement, the Fund pays the Adviser a monthly fee based on the Fund's daily net assets at a rate of 0.58%.

Foreside Financial Services, LLC (the "Distributor") provides distribution services to the Fund pursuant to a distribution agreement with the Trust, on behalf of the Fund. Under its agreement with the Trust, the Distributor acts as an agent of the Trust in connection with the offering of the shares of the Fund on a continuous basis. The Adviser, at its own expense, pays the Distributor an annual \$5,000 fee for these services and reimbursement for certain expenses incurred on behalf of the Fund.

The Northern Trust Company ("Northern Trust") serves as the administrator, transfer agent, custodian and fund accounting agent for the Fund pursuant to written agreements between the Trust, on behalf of the Fund, and Northern Trust. The Fund has agreed to pay Northern Trust certain annual and transaction-based fees, a tiered basis-point fee based on the Fund's daily net assets, subject to a minimum annual fee of \$175,000 relating to these services, and reimburse for certain expenses incurred on behalf of the Fund as well as other charges for additional service activities. Total fees paid to Northern Trust pursuant to these agreements are reflected as "Accounting and Administration" fees on the Statement of Operations.

Foreside Fund Officer Services, LLC ("Foreside") provides compliance and financial control services for the Fund pursuant to a written agreement with the Trust, on behalf of the Fund, including providing certain officers to the Fund. The Fund pays Foreside an annual base fee, a basis-point fee based on the Fund's daily net assets and reimburses for certain expenses incurred on behalf of the Fund. Total fees paid to Foreside pursuant to these agreements are reflected as "Regulatory and Compliance" fees on the Statement of Operations.

September 30, 2025

Carne Global Financial Services (US) LLC ("Carne") provides risk management and oversight services for the Fund pursuant to a written agreement between the Trust, on behalf of the Fund, and Carne, including providing the Risk Officer to the Fund to administer the Fund's risk program and oversee the analysis of investment performance and performance of service providers. The Fund has agreed to pay Carne an annual fee of \$30,000 for these services, and reimburse for certain expenses incurred on behalf of the Fund. Total fees paid to Carne pursuant to this agreement are reflected as "Risk Officer" fees on the Statement of Operations.

The officers of the Trust are affiliated with Foreside, Northern Trust, Carne or the Distributor and receive no compensation directly from the Fund for serving in their respective roles. Through March 31, 2025, the Trust paid each Trustee who is not an "interested person," as that term is defined in the 1940 Act (each, an "Independent Trustee" and, collectively, the "Independent Trustees") compensation for their services based on an annual retainer of \$132,000 and reimbursement for certain expenses. Effective April 1, 2025, the Trust pays an annual retainer of \$145,000 and reimbursement for certain expenses. If there are more than six meetings in a year, additional meeting fees may apply. For the year ended September 30, 2025, the aggregate Trustee compensation paid by the Trust was \$415,500. The amount of total Trustee compensation and reimbursement of out-of-pocket expenses allocated from the Trust to the Fund is reflected as "Trustees" fees on the Statement of Operations.

The Adviser has contractually agreed to waive fees and/or reimburse expenses to the extent necessary to limit the Fund's total annual fund operating expenses (exclusive of brokerage costs, interest, taxes, dividends on short positions, litigation and indemnification expenses, fees and expenses associated with investments in underlying investment companies and extraordinary expenses) to 0.85% of the average daily net assets of the Fund until January 28, 2026. For the year ended September 30, 2025, there were no expenses reduced by the Adviser. Any fees waived or expenses reimbursed during a fiscal year are not subject to repayment from the Fund to the Adviser in subsequent fiscal years.

C. Investment Transactions

For the year ended September 30, 2025, the aggregate costs of purchases and proceeds from sales of securities (excluding short-term investments) for the Fund were as follows:

Fund	Cost of Purchases			oceeds from Sales
Independent Franchise Partners US Equity Fund	\$	890,599,807	\$	1,518,858,504

D. Federal Income Tax

As of September 30, 2025, the cost, gross unrealized appreciation and gross unrealized depreciation on investments, for federal income tax purposes, were as follows:

		Gross	Gross	Net Unrealized
		Unrealized	Unrealized	Appreciation
Fund	Cost	Appreciation	(Depreciation)	(Depreciation)
Independent Franchise Partners US Equity Fund	\$ 1,158,836,295	\$ 491,961,081	\$ (19,483,051)	\$ 472,478,030

The tax character of distributions paid to shareholders during the latest tax years ended September 30, 2025 and September 30, 2024 for the Fund was as follows:

Independent Franchise Partners US Equity				Net Long	Total Taxable		Tax Return	To	tal Distributions	
Fund		Ordinary Income		Term Gains Distributions of Capital		y Income Term Gains Distribu		of Capital		Paid
2025	\$	49,419,084	\$	172,803,045**\$	222,222,129	\$		\$	222,222,129	
2024	\$	44,812,654	\$	100,730,595 \$	145,543,249	\$		\$	145,543,249	

^{**} The amounts do not include tax equalization utilized of \$119,535,296 in net long term capital gains in which the Fund designated as being distributed to shareholders on their redemption of shares.

As of the latest tax year ended September 30, 2025, the components of accumulated earnings on a tax basis were as follows:

		Undistributed Long			Accumulated		Total
	Undistributed	Term Capital	Accumulated	Distributions	Capital and	Unrealized	Accumulated
Fund	Ordinary Income	Gains	Earnings	Payable	Other Losses	Appreciation	Earnings
Independent Franchise Partners US Equity							
Fund	\$40,692,400	\$73,383,211	\$114,075,611	\$ —	\$ —	\$472,882,893	\$586,958,504

At September 30, 2025, the latest tax year end, the Fund had no capital loss carry-forwards available to offset future net capital gains.

E. In-Kind Transactions

Certain shareholders in the Fund received securities in connection with their redemption amounts in accordance with the provisions of the Fund. These shareholders received securities and cash with a total value equal to the value of the shares they redeemed at the net asset value at the redemption date.

	Redemption	Securities	Net Realized
Redemption Date	Amount	at Value	Gain
October 31, 2024	\$ 703,004,769	\$ 682,918,323	\$ 140,342,514

F. Concentration of Ownership Risk

A significant portion of the Fund's shares may be held in a limited number of shareholder accounts. To the extent that a shareholder or group of shareholders redeem a significant portion of the shares issued by the Fund, this could have a disruptive impact on the efficient implementation of the Fund's investment strategy.

As of September 30, 2025, Adviser or Adviser affiliates held outstanding shares of the Fund as follows:

	%
Fund	Ownership
Independent Franchise Partners US Equity Fund	3.4

G. Other Risks

The Fund is subject to market risk, which is the risk related to investments in securities in general and the daily fluctuations in the securities markets. The Fund's investment return per share will change daily based on many factors, including fluctuation in interest rates, the quality of the instruments in the Fund's investment portfolio, national and international economic conditions, disruptions to business operations and supply chains, staffing shortages, and general market conditions. The increasing interconnectivity between global economies and financial markets increases the likelihood that events or conditions in one region or financial market may adversely impact issuers in a different country, region or financial market. Political events, including armed conflict, tariffs and economic sanctions also contribute to market volatility. Securities in the Fund's portfolio may be impacted by inflation (or expectations for inflation), interest rates, global demand for particular products or resources, natural disasters, pandemics, climate change and climate-related events, epidemics, terrorism, regulatory events and governmental or quasi-governmental actions. These events can have a significant impact on the Fund's operations and performance.

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of Advisers Investment Trust and Shareholders of Independent Franchise Partners US Equity Fund

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Independent Franchise Partners US Equity Fund (one of the funds constituting Advisers Investment Trust, hereafter referred to as the "Fund") as of September 30, 2025, the related statement of operations for the year ended September 30, 2025, the statements of changes in net assets for each of the two years in the period ended September 30, 2025, including the related notes, and the financial highlights for each of the five years in the period ended September 30, 2025 (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of September 30, 2025, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period ended September 30, 2025 and the financial highlights for each of the five years in the period ended September 30, 2025 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of September 30, 2025 by correspondence with the custodian and brokers. We believe that our audit provides a reasonable basis for our opinion.

ADVISERS INVESTMENT TRUST INDEPENDENT FRANCHISE PARTNERS US EQUITY FUND STATEMENT REGARDING BASIS FOR APPROVAL OF INVESTMENT ADVISORY CONTRACT September 30, 2025 (Unaudited)

Section 15 of the 1940 Act requires that the Amended and Restated Investment Advisory Agreement (the "Agreement") between the Trust and the Adviser with respect to the Fund be approved by a majority of the Board, including a majority of the Independent Trustees. It is the duty of the Board to request as much information as is reasonably necessary to evaluate the terms of the Agreement to determine whether the Agreement is fair to the Fund and its shareholders. The Board considered and approved the Agreement for the Fund at an in-person meeting held on June 4, 2025.

The Board requested, and the Adviser provided, both written and oral reports containing information and data related to the following: (i) the nature, extent, and quality of the services provided by the Adviser to the Fund; (ii) the investment performance of the Fund and the Adviser; (iii) the costs of the services to be provided and the profits to be realized by the Adviser from the relationship with the Fund; (iv) the extent to which economies of scale will be realized as the Fund grows; and (v) whether the fee level reflects these economies of scale to the benefit of the Fund's shareholders.

The Board examined the nature, extent, and quality of the advisory services provided by the Adviser. The Board considered the terms of the Agreement, information and reports provided by the Adviser on its business, personnel and operations, and advisory services provided to the Fund. The Board reviewed the Adviser's investment philosophy and portfolio construction processes, the Adviser's compliance program, pending material litigation (or lack thereof), insurance coverage, business continuity program, and information security practices. The Board noted that, as set forth in the reports provided by the Adviser, there had been no material compliance issues or concerns raised or encountered since the last renewal of the Agreement that impacted the Fund and that there had been no material compliance issues since the last renewal of the Agreement with respect to the Fund. The Board then considered key risks associated with the Fund and ways in which those risks are mitigated. Taking into account the personnel involved in servicing the Fund as well as the materials provided by the Adviser, the Board expressed satisfaction with the quality, extent, and nature of the services expected from the Adviser.

The Board reviewed the investment performance of the Fund. As part of this analysis, the Board reviewed an independent report prepared by FUSE Research Network, LLC (the "FUSE Report"). The FUSE Report consisted of comparisons of the performance of the Fund to the performance of (i) its selected benchmark, (ii) the Fund and 15 other large blend funds selected by FUSE with similar pricing characteristics (the "Peer Group"), and (iii) the Fund, the Peer Group, and all other large blend funds with similar pricing features (the "Peer Universe"). The Board reviewed the methodology used to select the Peer Group and the Peer Universe.

The Board reviewed the performance of the Fund compared to the selected benchmark, the Peer Group, and the Peer Universe for the three-month, one-year, three-year, five-year, and since inception periods ended March 31, 2025. The Board also reviewed the performance of another investment fund and separate accounts advised by the Adviser with a similar investment mandate (the "Similar IFP Accounts") for one-month, three-month, one-year, three-year, five-year, ten-year, and since inception periods ended March 31, 2025. After considering the information presented to it, the Board acknowledged the performance of the Fund and the Adviser.

The Board reviewed the cost of services provided and the profits realized by the Adviser, including assertions related to compensation and profitability. The Board discussed the advisory fee paid by the Fund and the total operating expenses of the Fund. The Board noted that the Adviser received a management fee of 0.58% of the Fund's average daily net assets. The Board reviewed the investment advisory fee and the total net expenses paid by the Fund in comparison to the investment advisory fees and the total net expenses paid by the Peer Group and Peer Universe. The Board then reviewed the advisory fees paid by the Similar IFP Accounts. The Board noted that the Fund's advisory fee is the same as the other investment fund in the Similar IFP Accounts and equal to the first tier of the scaled discounted advisory fee for the separate accounts included in the Similar IFP Accounts. The Board noted that the Fund is not eligible for the scaled discount because of the additional services provided to the Fund and regulatory requirements under the 1940 Act. The Board then considered the expense cap for the Fund noting that the Adviser had contractually agreed to waive fees and or reimburse expenses to limit total annual fund operating expenses to 0.85% of the Fund's average daily net assets. After considering the comparative data provided by the Adviser, the Board concluded that the advisory fee and expense ratio were reasonable.

ADVISERS INVESTMENT TRUST INDEPENDENT FRANCHISE PARTNERS US EQUITY FUND STATEMENT REGARDING BASIS FOR APPROVAL OF INVESTMENT ADVISORY CONTRACT September 30, 2025 (Unaudited)

The Board considered the profitability of the Adviser's relationship with the Fund and considered the information provided by the Adviser. Among other things, the Board considered the overall financial condition of the Adviser and representations made thereto and to the overall importance of the Fund's relationship to the Adviser's business strategy. The Board examined the Fund's profit margin and the Adviser's overall profitability. The Board concluded that, based on both the written and oral reports provided by the Adviser, the profit margin was reasonable.

In considering the economies of scale for the Fund, the Board considered the marketing and distribution plans for the Fund, its capacity, and breakeven point. The Board noted that, other than the investment advisory fee, the Adviser derived no other fees or monetary benefits from the Fund. The Board also noted that the Fund does not assess, and the Adviser does not receive Rule 12b-1 fees, that soft dollars are not a consideration for broker selection, and that the Adviser paid all third-party research expenses directly.

In its deliberations, the Board did not identify any particular factor or factors that were all-important or controlling; and each Trustee assigned different weights to various factors considered.
